Thuringian state representative for the

Data protection and freedom of information

(T L f D I)

The program

09:30 admission

dr Lutz Hasse

10:00 a.m. Welcome and keynote of the TLfDI,

10:10

Greeting of the parliamentary State

Secretary of the Federal Ministry of Education and

Research (BMBF), Dr. Jens Brandenburg

dr Anita Stangl

10:25

"Media literacy/data protection within the framework of

Digitization in schools"

11:10 a.m. Prof. Dr. Susanne Lin-Klitzing

"Need that

for

supported teaching"

teachers

their digital

12:00 lunch break (buffet)

12:45 Beth Havinga

"Digital Security, Digital Future" - Already today

are over 1000 different systems and

Programs used at individual schools and on

This results in up to 10,000 universities

different points of contact for data. What

coming towards us? For which future technologies

do we have to plan now? How can

Teachers and learners have full control over their

win data?

1:30 p.m. Marianne Voigt

"Experiences with digitization school in the subject

Mathematics - the example of bettermarks GmbH"

2:15 p.m. Dario Schramm

"Digital school, the school of tomorrow?" - die

digital school and the associated opportunities.

Of course, data protection plays an enormous role here

important role. With the term "digital school"

stop thinking about students with iPads;

Digitization is much more. In his lecture

Dario Schramm would like both the possibilities and

also the risks (and how to avoid them)

point out

15:00 coffee break

15:15 panel discussion with everyone
