District

The inspection was initiated on the basis of
of the Office's control plan for 2021 and focused primarily on
making information (personal data documents) available through
remote access whiteboards that present more risks than the
classic official boards.

The auditors therefore assessed compliance
obligations under the general regulation on publication
documents, in particular: method of anonymization, legal title for posting
and hanging, considering the consequences of hanging caused by search engines on
internet, profiling of data obtained within
so-called monitoring of official boards, data posting time, data archiving and access to them.

The inspectors stated that the city district
within the scope of the control in question, it did not violate any obligation according to the general regulation.
In connection with the fulfillment of the principle of data minimization according to Article 5 paragraph 1 letter c) general
regulations controlling on the basis of findings
fact they recommended to the inspected person
to adjust the uniform procedure for anonymizing personal data for those posted
documents, specifically in the case of recipients of public funds, when it is
necessary, according to the provisions of § 8b, paragraphs 1 and 3 of Act No. 106/1999 Coll., on free
access to information, publish
personal data only in the scope of: first name, last name, year of birth and municipality where it belongs
recipient of permanent residence.
