PRESS RELEASE

Training center data protection and freedom of information

Baden-Württemberg BIDIB – A successful model

The training center is not yet a year old, but it is already a year

Success model: In the first half of 2021 we already have over

1000 interested people a total of 15 open events

attended or registered to participate.

LfDI Stefan Brink: "We lead with the training center

consistently continue our advisory and educational approach.

We inform, advise and sensitize for the modern

civil rights privacy and freedom of information, and

are looking for this with all those involved and interested

Exchange. I am very pleased that with our

Education center as a forum for data protection and

Freedom of information has received so much support in such a short time

receive."

The offer is varied and takes up current topics. A

The focus of previous events has been

Planning.

For small and medium-sized businesses, this includes

Events on offer this year so far include:

"Data Protection Impact Assessment", "Data Protection Law

Principles of joint responsibility according to Art. 26

DS-GVO" or "What to do in the event of data breaches?". big

There is interest in dealing with data breaches. Before

During the summer holidays 2021 there will be another event.

For interested citizens there were, among other things, the

Opportunity to attend the events "WhatsApp alternatives:

A Journey through the Messenger Jungle" and "What

does freedom mean in a digital society?"

to participate. Targeted for municipal and

State administration there was an event on "Private

Video surveillance in public areas - especially in the neighborhood context and in restaurants". In the past year the events "What now in things international traffic? – The meaning of the Schrems II judgment for the municipal sector" and "Introduction to employee data protection".

LfDI Stefan Brink: "As a supervisory authority, we don't just want intervene to regulate if those responsible do not

- 3 -

act in accordance with data protection regulations. We want that responsible Bodies such as municipalities, companies or associations at an early stage consider a data protection-compliant solution and

Citizens in their civil right to informational self-determination be strengthened. That's why she takes Advice and support play such an important role for us.

And the new BIDIB training center offers an ideal solution for this Platform".

At the beginning of July, the training center celebrates its one-year anniversary

Exist. Due to the pandemic, it has the most

Events offered online. Im now for summer

2021 planned relocation of the authority of the

The new education center will also be state representatives

Rooms and modern seminar technology are preserved.

All events offered so far have been very good

in demand, mostly fully booked. In case of high demand

If possible, additional dates will be offered. After this

The educational center will also move to the new premises  
expand its offering. LfDI Stefan Brink: "We will,  
as soon as the Corona situation allows, expand the offer  
and again face-to-face and hybrid events  
to organize. In addition, we will be regular guests for  
Roundtables and discussions invite you to engage with them  
on current topics relating to data protection and  
freedom of information to speak and argue."

Further information

The data protection education center founded in July 2020  
and Freedom of Information Baden-Württemberg – BIDIB for short – is  
a central point of contact for citizens, associations,  
Associations, companies, authorities and civil society  
Groups in the areas of data protection and  
Freedom of Information. This should even better on the  
numerous questions, complaints and requests for advice  
be received by the LfDI.

The founding was made possible by the state parliament of Baden-  
Württemberg, the financial resources and positions for this  
has provided.

The BIDIB also offers for the public events

View of content and target audience not public

advertised events, such as

Events only for police authorities. Also come

Cooperation with other organizers.

An overview of the current and planned open

Events can be found on the website

Education center on the homepage of the

state representative.
