

Process No. 9425/2018

AUTHORIZATION No. 7031/ 2018

CONSERVAS PORTUGAL NORTE, LDA. notified a processing of personal data resulting from the control of use for private purposes of information and communication technologies, with the purpose of Management of the company's resources/Management of the productivity of workers in the workers.

It was declared:

- ☐ Landline/mobile/electronic mail/Internet access is subject to control;
- ☐ Who does not have workers covered by a special obligation of secrecy;
- ☐ Adopting Internal Regulations on the use of information media and communication in the organization, in accordance with the Deliberation of the National Commission of Data Protection (CNPd) no. 1638/20131;
- ☐ That there is no Workers' Commission.

The CNPD, in Deliberation no.

guidelines and rules to which the processing of personal data must comply with the purpose referred to above. They derive from these principles and rules and from the legal norms enunciated, in of Law No. 67/98, of October 26, amended by Law No. 103/2015, of August 24, and also of jurisprudence, the following general limits apply, regardless of the means subject to control:

- ☐ Access to the content of communications is prohibited;
- ☐ The extraction of communications listings is not authorized, even for alleged personal control;
- ☐ The use of systems and applications that, without the knowledge of the worker, allow the control of his activity and the operations he carries out in the computer, namely by remote access or sharing a graphic environment, either in real time, or in deferred time by recording them;

☐ It is not authorized to centrally automate the scanning of information,

☐

namely by search methods known as e-discovery;

It is not authorized that, in a centralized way, without the knowledge of the worker,

searches for documents or messages based on selected expressions.

The following specific limits also apply depending on the means under control:

Telephone Communications

- In situations of detailed invoicing, the registration must be carried out with the elimination of the last four digits.

E-mail

- Permanent and systematic control is not allowed, which must be done randomly;
- Access must be limited to the subject, date and time of messages and the visualization of addresses addressees only in the specific cases mentioned in the Resolution.

Internet

- Permanent and systematic access control is not allowed;
- It is not allowed to control the sites visited;
- Access to the personal profile of workers on social networks is prohibited.
