Munich, April 8th, 2019

The 97th Conference of Independent Data Protection Authorities

The federal and state governments met on April 3rd and 4th, 2019 at the Hambacher Lock.

The DSK has commented on the following topics, among others:

Hambacher Declaration on Artificial Intelligence

One focus of the conference was the discussion about the chemical intelligence (AI). The German data protection supervisory authorities have passed the Hambach Declaration on Artificial Intelligence. She cites as an example the use of AI systems in medicine, in particular more in diagnosis, in language assistance and in the evaluation of Application documents in the applicant selection. From the applicable data protection law, seven requirements are derived that already exist today must be complied with. For example, the use of AI systems must be comprehensible and explainable, develop the principle of data minimization maintain, avoid discrimination and requires technical and organizational

Brexit – Precautions by regulators for an unregulated

UK exit from the EU

The DSK discussed the consequences of an unregulated Brexit.

As early as March 8, 2019, it passed a resolution based on the legal obligations of those responsible in the event of an unregulated exit indicates. In the event of a no-deal exit, the United Kingdom as a third country within the meaning of the General Data Protection Regulation view and data transfers leading there are accordingly secured separately. In the absence of such a safeguard, data processing will be suspended and fines will be imposed.

The decision is available here:

Prof. Dr. Thomas Petri

The Bavarian State Commissioner for Data Protection checks the Bavarian public

public bodies compliance with data protection regulations. It's from Bavarian

Elected state parliament, independent and not bound by instructions from anyone.

The data protection conference consists of the independent data protection supervisory authorities

Federal and the states. The 97th conference took place on April 3rd and 4th, 2019 at the Hambacher

castle instead. The chair, which changes every year, organizes the meetings of the data protection conference

and represents the conference externally. In 2019, the State Commissioner for Data Protection and

the freedom of information Rhineland-Palatinate chaired.
