Turn on data protection officers or use a
to work in your own legal department. With the LfDI tool
DS-GVO.clever, clubs and smaller companies can specifically
easily and effectively create your privacy policy. That
Tool has enjoyed great popularity since the beginning of 2021
and is very often accessed online.

The Federal Data Protection Foundation has now developed the LfDI tool for the
club area and incorporated it into their own educational
and information for volunteers as a "generator for
Data protection notices" integrated. The Data Protection Foundation has
In addition, minor adjustments were made to the tool
the design changed and numerous offers such as about
