Prot. No.: 2992

Decision of the President of the Authority no. 5/2021

(according to article 15 par. 8 of Law 4624/19 in conjunction with article 58 par. 2 GDPR)

1. Because with the no. First Authority C/EIS/6553/11-10-2021 complaint to the

Authority against the Ministry of Climate Crisis and Civil Protection and the

of the Fire Department, with which a grant request is also submitted

temporary injunction, the complainant, A, with the rank of ... and his status

Chief (Commander) of the Fire Service Administration of Prefecture X,

claims that illegal processing of his personal data took place.

In particular, according to the complainant, following his position in the situation

availability on .../2021 and the subsequent delivery of the service

of his identity card on .../2021, he received a temporary certificate of identity from

Regional Fire Department Ψ with no. first ... (attached to the

no. Prot. Authority C/EIS/6553/11-10-2021 complaint). According

the

shown, his position is expressly stated in said certificate

complainant in a state of availability, while the

applicable provisions for the issuance of the provisional certificate, of which

the present employment status of the complainant can be deduced.

Further, according to his allegations, the complainant protested

immediately to the Head of the Administrative Support Office of the Regional

Fire Department Ψ for the entry of the above information, except, however,

according to the complainant, no modification of its content took place

temporary proof of identity.

1-3 Kifisias Ave., 11523 Athens

2. Because the request for a temporary injunction under consideration is requested by complainant, to order her immediate total temporary restraint processing, and in particular the replacement of the provisional certificate identity card with a new identity card without any reference to his position complainant's availability and the provisions that provide for it.

3. Because the Authority following the no. original Authority C/EXE/2388/21-10-2021 document of her, with which she asked the complainants for clarifications on her complaint and the request for a temporary injunction, received in response the one with no. prot. ... (under Authority prot. no. C/EIS/7359/11-11-2021) document of Headquarters of the Fire Department to the Authority. With the above document, controller claims that as of .../2021, the complainant was summoned with the with no. ... document of the Regional Fire Administration Ψ (attachment in with no. prot.: ... (under Authority prot. no. C/EIS/7359/11-11-2021) document) to deliver the no. ... proof of identity, which, according to claims of the data controller, by mistake it lists the service status of the complainant in order to be granted a new one certificate in which no corresponding mention is made. Following these, the Authority invited Mr new controller with no. First Authority C/EXE/2621/17-11-2021 document to present to the Authority the type of the new temporary certificate identity details and/or a copy of the certificate issued to complainant. With the no. Authority Prot. C/EIS/7649/22-11-2021, the Headquarters of the Fire Brigade sent the Authority a copy of the new temporary one certificate with no. first ... granted to the complainant, as well as copy of the delivery protocol from her complainant with no...

of temporary certificate and receipt of the new temporary certificate with no.

first ....

4. Because with the no. of the Authority C/EXE/2622/17-11-2021 its document, the Authority

at the same time invited the complainant to confirm receipt of the relevant

no. first ... Invitation of the Regional Fire Administration Ψ for

2

granting a new temporary certificate of identity and receiving it,

as well as to present to the Authority a copy of the certificate granted,

in order for the Authority to be able to judge the further outcome of No.

Complaint of Authority G/EIS/6553/11-10-2021. With the no. First Authority

C/EIS/7672/23-11-2021 his response, the complainant confirmed receipt of

relevant no. first ... Invitation of the Regional Fire Administration

Ψ and presented to the Authority the new temporary certificate of identification with

no. first ....

5. Because from the examination with no. first ... of temporary certificate which

included both in no. Prot. Authority C/EIS/7672/23-11-2021 document of

complainant, as well as in no. Authority letter C/EIS/7649/22-11-2021

controller's response, it appears that each has been deleted

reference to the position of the complainant in availability and the provisions from

which are foreseen.

6. Because in this case, from the above it is established that if the person in charge

processing proceeded to replace the temporary identity certificate

and granting a new one with deletion of the disputed personnel data

character, the processing in question has been stopped and therefore not

there is a case of issuing a temporary injunction. Therefore, the defendant must

request to be rejected as irrelevant.

FOR THOSE REASONS

THE BEGINNING

Denies the request for a temporary injunction.
