

Process No. 9674/2018

AUTHORIZATION No. 7120/ 2018

Faianças Primagera, SA has notified a processing of personal data for the purpose of medicine preventive measure in the context of controlling the consumption of psychoactive substances.

It was declared:

- ☐ Controlling the consumption of alcohol;
- ☐ Adopting internal regulations on substance use control

psychoactive substances, which is in accordance with the Deliberation of the National Commission for Data Protection (CNPd) no. 890/20101;

- ☐ That there is no workers' commission.

The CNPD, in Deliberation no. 890/2010, of 15 November, stated

guidelines and rules to which the processing of personal data must comply with the purpose

referred to above. They derive from these principles and from the legal norms set forth, in particular from the Law

67/98, of October 26, amended by Law No. 103/2015, of August 24 (Law for the Protection of

Data - LPD), the following general limits apply:

- ☐ Control procedures must always be carried out by the medical services in the work, by health professionals subject to secrecy (cf. article 107 of Law No. 102/2009, of September 10th);

- ☐ Health information, which includes test results, in any case may be communicated to the employer, and only the state of the of aptitude of the worker through a form with the mention of "fit" or "not fit" (cf. no. 3 of article 19 of the Labor Code);

- ☐ Aptitude sheets – and only these, not test results – can be used for the purposes of evidence in a disciplinary procedure whose reasoning is based on the causes typified, as the case may be, in the General Labor Law in Public Functions or in the Code of Work; consumption itself does not constitute a disciplinary infraction but only and only the

behavior that may arise from it;

☐ It is not the finding of any blood alcohol level that can determine whether the

worker is fit or unfit for work; Such a statement can only be made by the

occupational physician on the basis of worker observation and based on criteria

clinicians;

☐ The legitimacy ground is the important public interest underlying the treatment of

data, embodied in the prevention of danger to the physical integrity of the person or of

the 3rd. Thus, the scope of application must be restricted to workers of categories

professionals whose activity may endanger their physical integrity or that of third parties and,

at any time, to workers who request it;

☐ No financial burden can be incurred by the worker as a result of the execution of

measures to control psychoactive substances in the workplace or any possible

counter-proof (cf. no. 12 of article 15 of Law no. 102/2009, of 10 September);

☐ The entity responsible for processing has the duty to notify the CNPD of any

future changes in terms of subcontracting entities in terms of occupational medicine;

☐ Medical tests and examinations carried out as part of alcohol checks constitute

workers' health data and the respective safekeeping and conservation are subject to the

special security measures provided for in article 15 of the LPD.
