

press release

datenschutzkonferenz-online.de

Homepage of the data protection conference goes online

The data protection conference goes online with its own website. On

the central information platform are current resolutions,

Orientation aids and short papers of the data protection conference

available. Here you will also find links to the supervisory authorities and the

Federal and state data protection laws. In addition, an RSS

Integrated feed for subscribing to new content.

With the application of the General Data Protection Regulation, its interpretation

also more important by the data protection supervisory authorities. With a

own homepage of the data protection conference optimizes it

information offer.

The homepage can be reached at datenschutzkonferenz-online.de.

Data Protection Conference

The data protection conference consists of the independent

Federal and state data protection authorities. She has the task

to uphold and protect fundamental data protection rights

uniform application of the European and national

to achieve data protection law and together for his

to enter into further development.
