

REMINDER

"Digitization of (university) schools"

- September 19, 2022 -

The TLfDI invites you ☐!

When? September 19, 2022 from 10:00 a.m. to approx. 4:00 p.m

Where? in the Augustinian monastery in Erfurt

The corona pandemic brought it to light mercilessly: schools and Universities live in a world that doesn't have enough digital realities has points of contact. Pupils, students, teachers and lecturers can at best use smartphones and tablets, but often don't know what these devices as well as the downloaded apps with personal data can and do arrange.

What happens to the data during video conferences? Must or can School administrations or universities as those responsible for data protection know all this? Who educates and trains teachers to train students in to be able to teach in the digital world? Should media literacy a be an exam-relevant compulsory subject with IT content? Why does it fizzle out? Digital pact in the federal states? Why is there no certified school Software? What problems does the use of private devices raise (bring your own device)?

And: Have students ever heard of artificial intelligence?

As speakers, e.g. the State Secretary of the Federal Ministry of Education, dr Jens Brandenburg for a word of welcome, Andreas Trump (Principal Herder-Gymnasium Nordhausen), Dr. Anja Hagen (Alliance for Education), Marianne Voigt (Managing Director of bettermarks.com GmbH), Dario Schramm (former Federal student spokesman), Prof. Dr. Lin-Klitzing (Federal Chair of the German

Philology Association) and Beth Havinga (connect edTech).

Cordial invitation!

dr Lutz Hasse

Thuringia State Commissioner for Data Protection
