The Bavarian State Commissioner for Data Protection

Bavarian State Office for Data Protection Supervision

Exemption from the mask requirement

for health reasons

The Bavarian State Commissioner for Data Protection

and the Bavarian State Office for Data Protection Supervision

publish new joint paper

Munich and Ansbach, June 28, 2021

According to the currently applicable 13th Bavarian Infection Protection Measures, the mask requirement

regulation continues to be a key tool in combating the

COVID-19 Pandemic. However, some affected persons can – in particular from

health reasons - do not wear a mask. The Bavarian legislator has the

Regulations for exemption from the mask requirement have now been revised. When applying this

Regulations also raise data protection issues.

The Bavarian State Commissioner for Data Protection and the Bavarian State Office for

Data protection supervisors now have their findings on this topic in a common

Current short information bundled. In it you express yourself, for example, on the design of liberation

certificates, the authorization to inspect such certificates, as well as the documentation

speaking controls.

The new joint paper is available at https://www.datenschutz-bayern.de in the "Da-

tenschutzreform 2018 – current brief information" and at https://www.lda.bayern.de

available.
